

# SOUL EATER

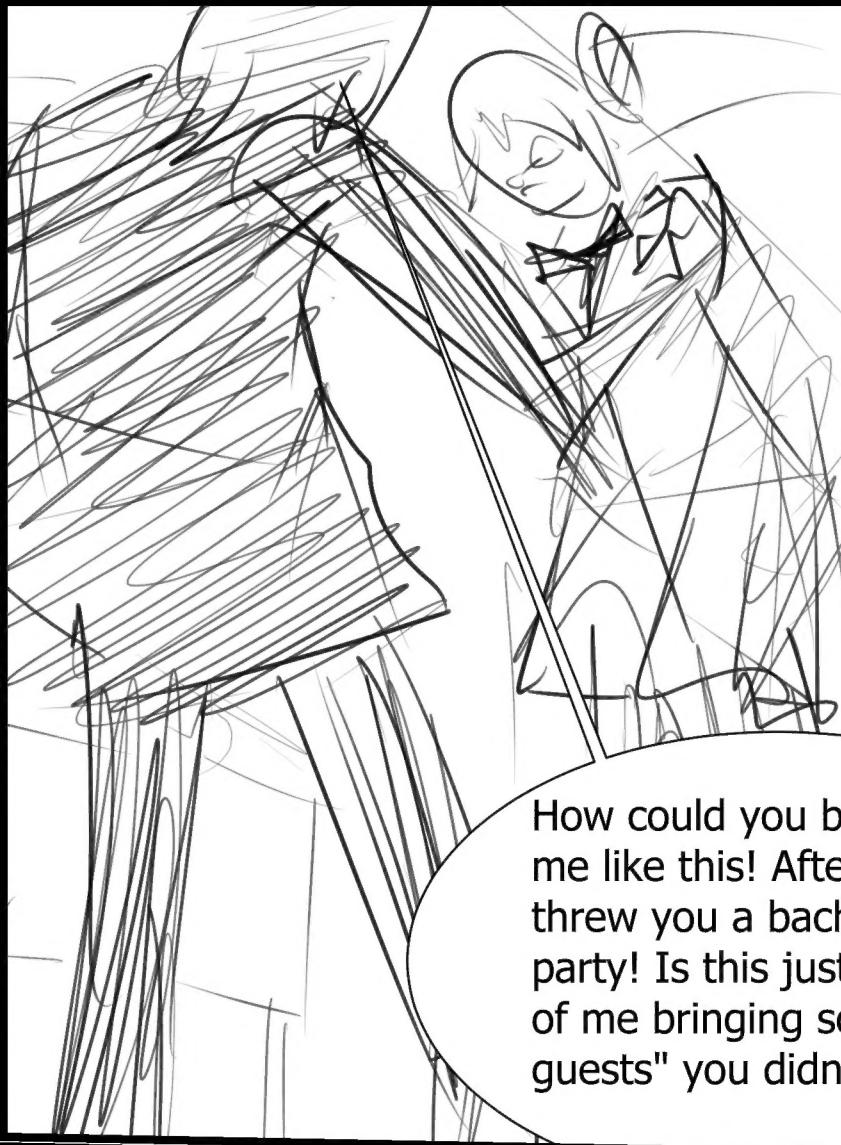

5

Post...

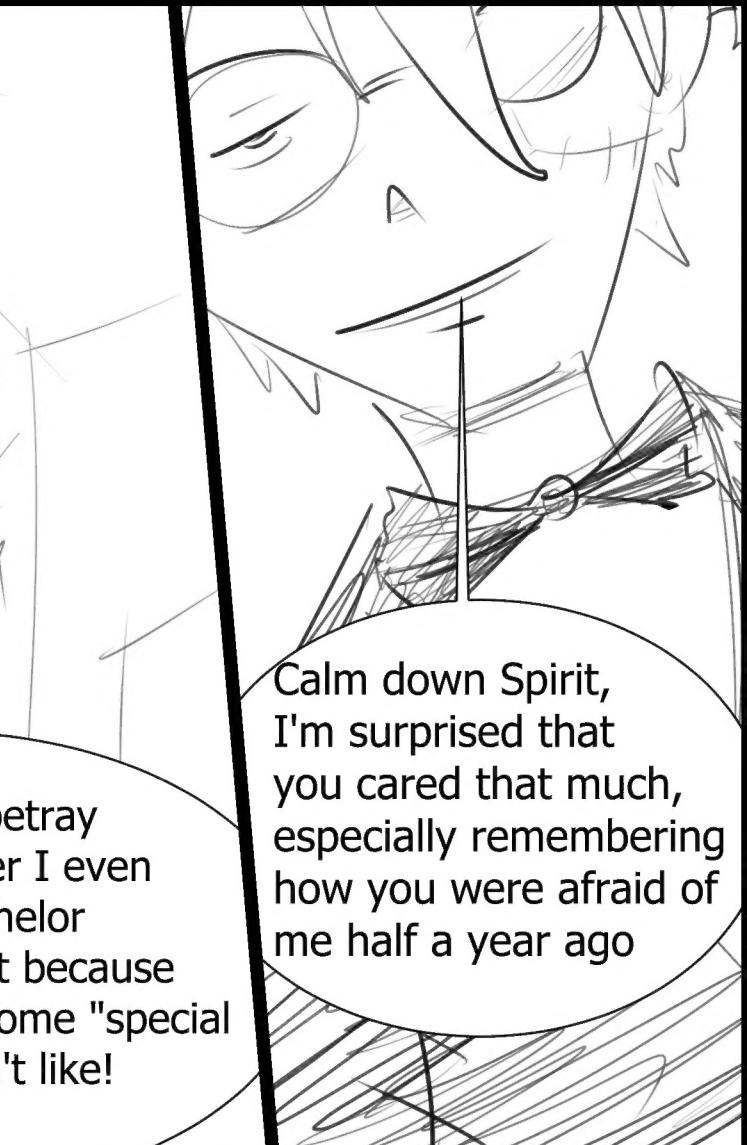

Chemical wedding of Frank and Marrie,  
moving forward, running in circles?

How could you betray me like this! After I even threw you a bachelor party! Is this just because of me bringing some "special guests" you didn't like!

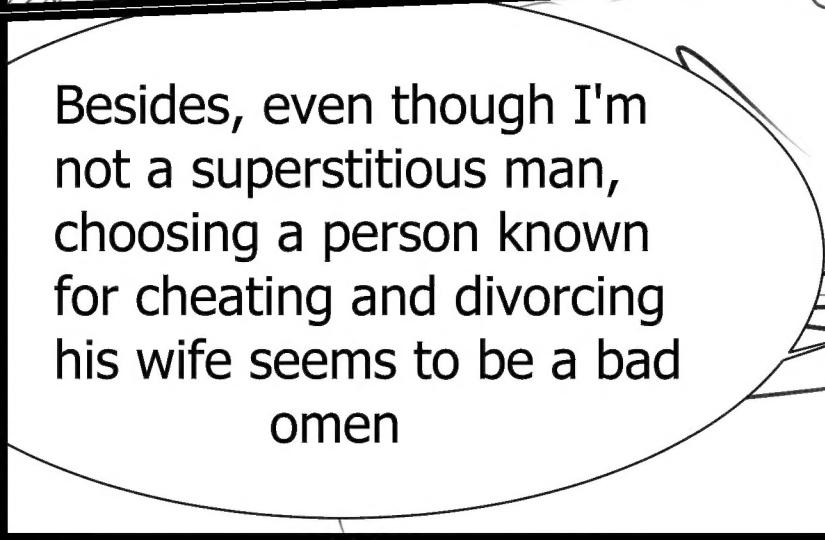

Calm down Spirit, I'm surprised that you cared that much, especially remembering how you were afraid of me half a year ago

That was before my character development!

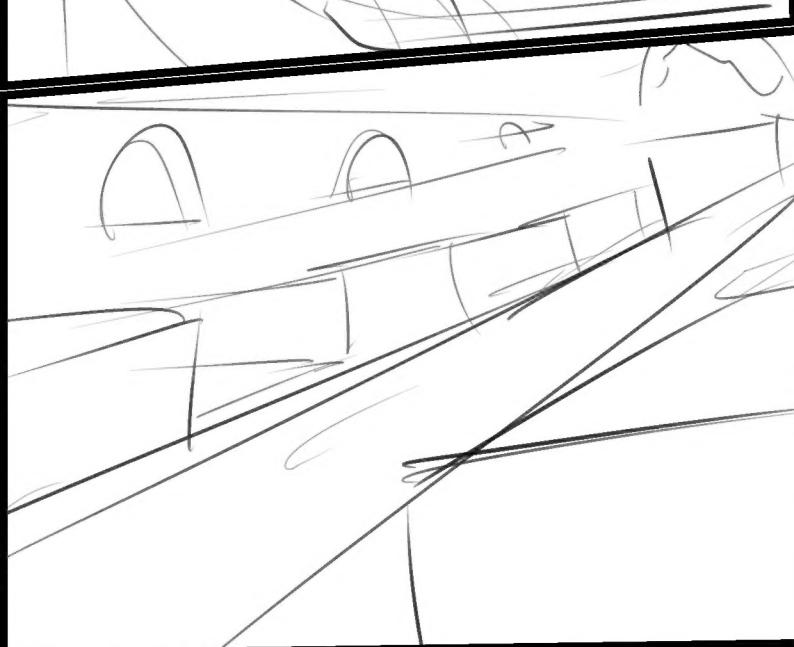

Sid trusted me to bring him back from the brink of oblivion, so isn't it logical to trust him in this situation?

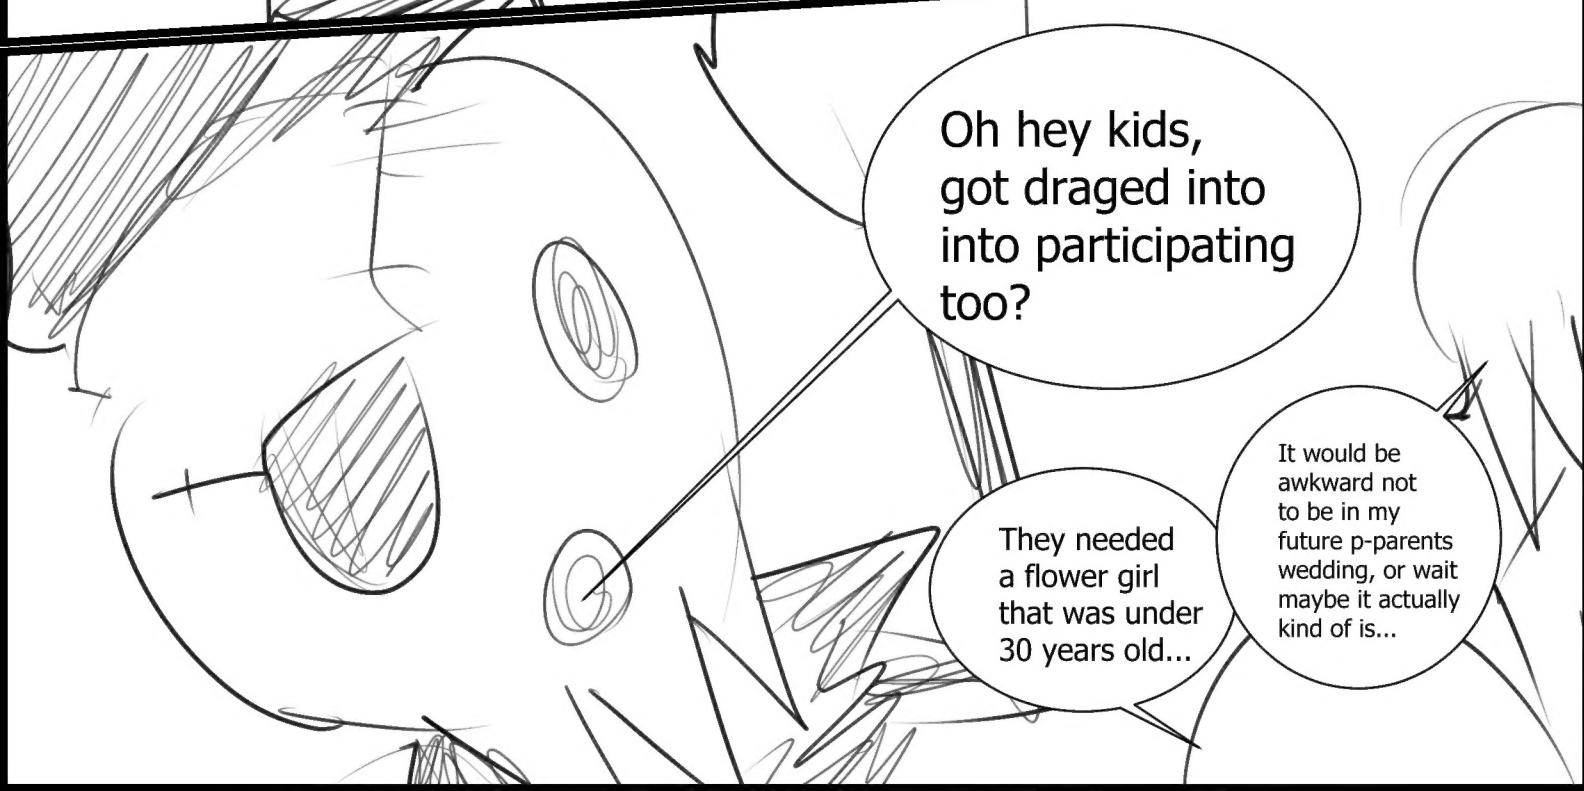

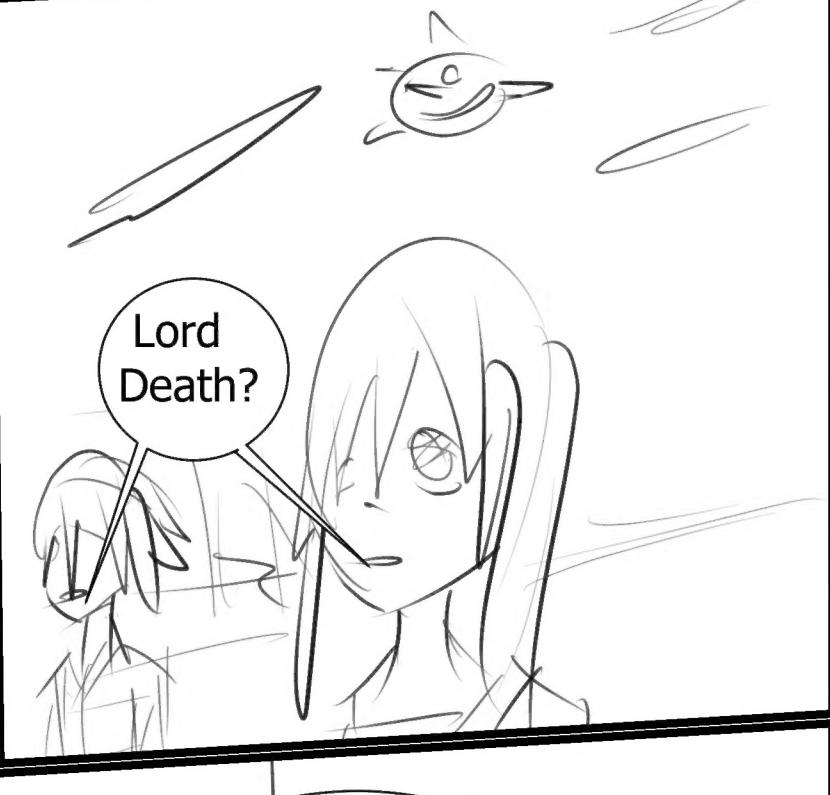

Besides, even though I'm not a superstitious man, choosing a person known for cheating and divorcing his wife seems to be a bad omen

That hurt more than any forced operation...

Ha, we can trade if you want, I'm quite familiar with with that kind of stuff afterall.... But yeah after Justin had to go to a unexpected mission I was the only qualified person left to do the honors!

Justin, the autonomous weapon...

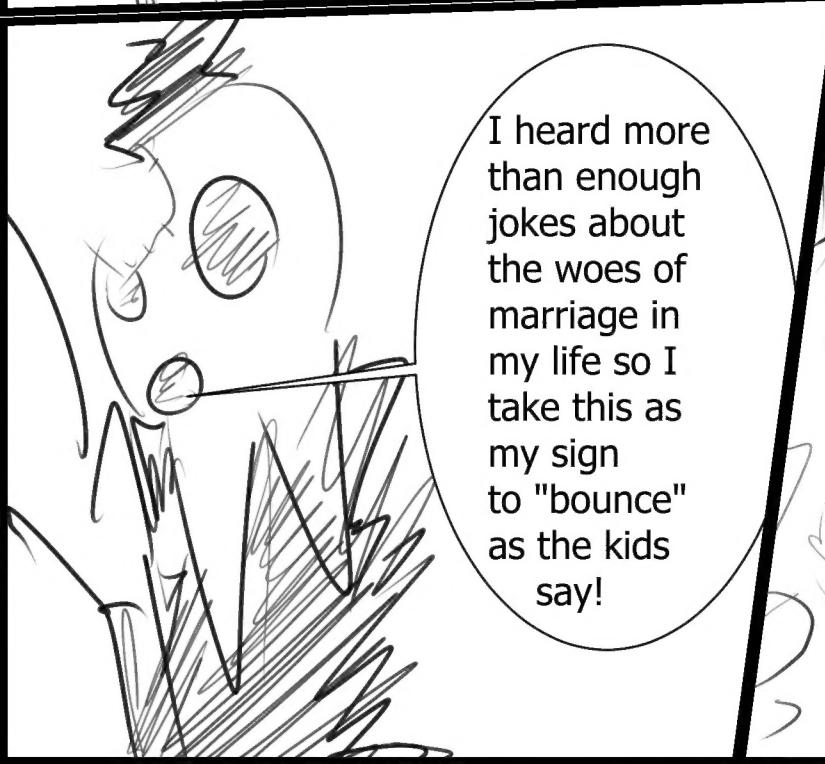

I thought he only does funerals, with the coffin and all...

ouch

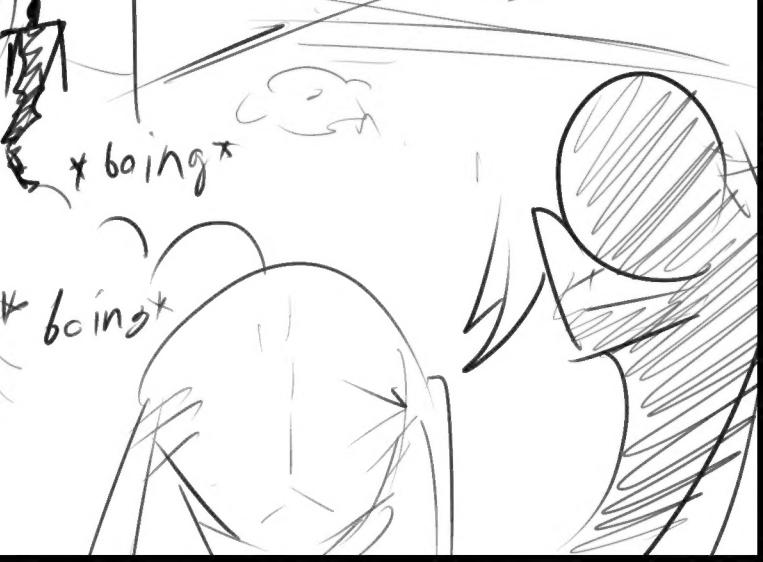

Haha, a wedding and a funeral are both tragic occasions so it makes sense giupi!

I heard more than enough jokes about the woes of marriage in my life so I take this as my sign to "bounce" as the kids say!

\* boing\*

\* boing\*

Thats considerate of you to say Ragnarok, or is it because of your lack of legs-

Hmm I guess anybody would forget how to walk if they had their soul stuck in a small radius with nothing worthy too see

Ahh! I forgot to ask him if there are any news from Soul!

soul...

Why should he know, it's not like he is spying on everybody with a magic clear ball! What you think he sent him a resignation letter or something? The shark just swam back into the ocean an skipped this lame school!

Soul would never do something like that!

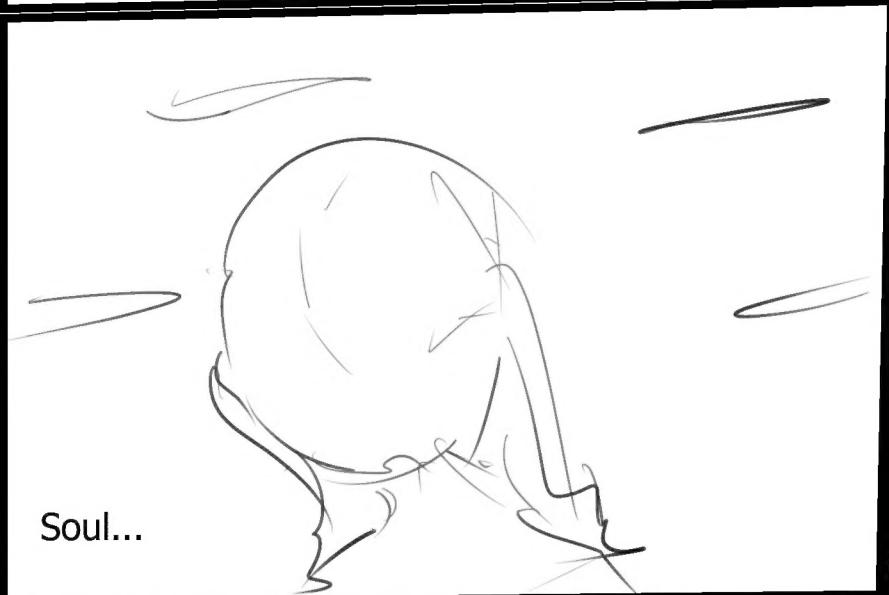

Maka is right, betraying and leaving everyone behind without telling them is more of my style!

...

Heel  
on the  
ground  
or it ain't  
a real  
squat!

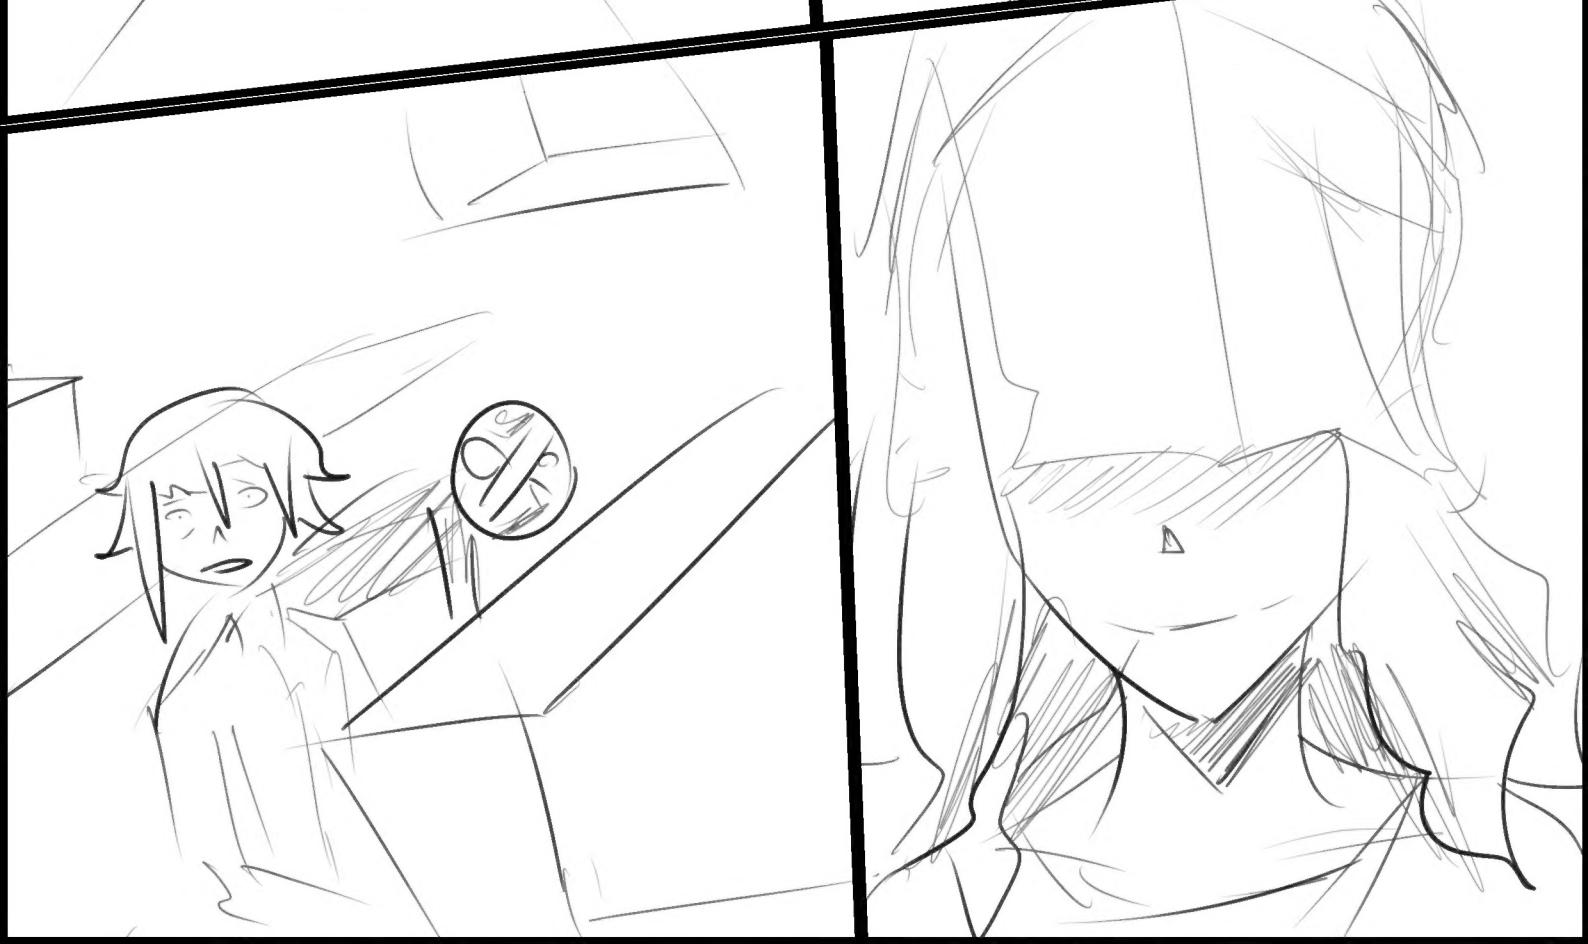

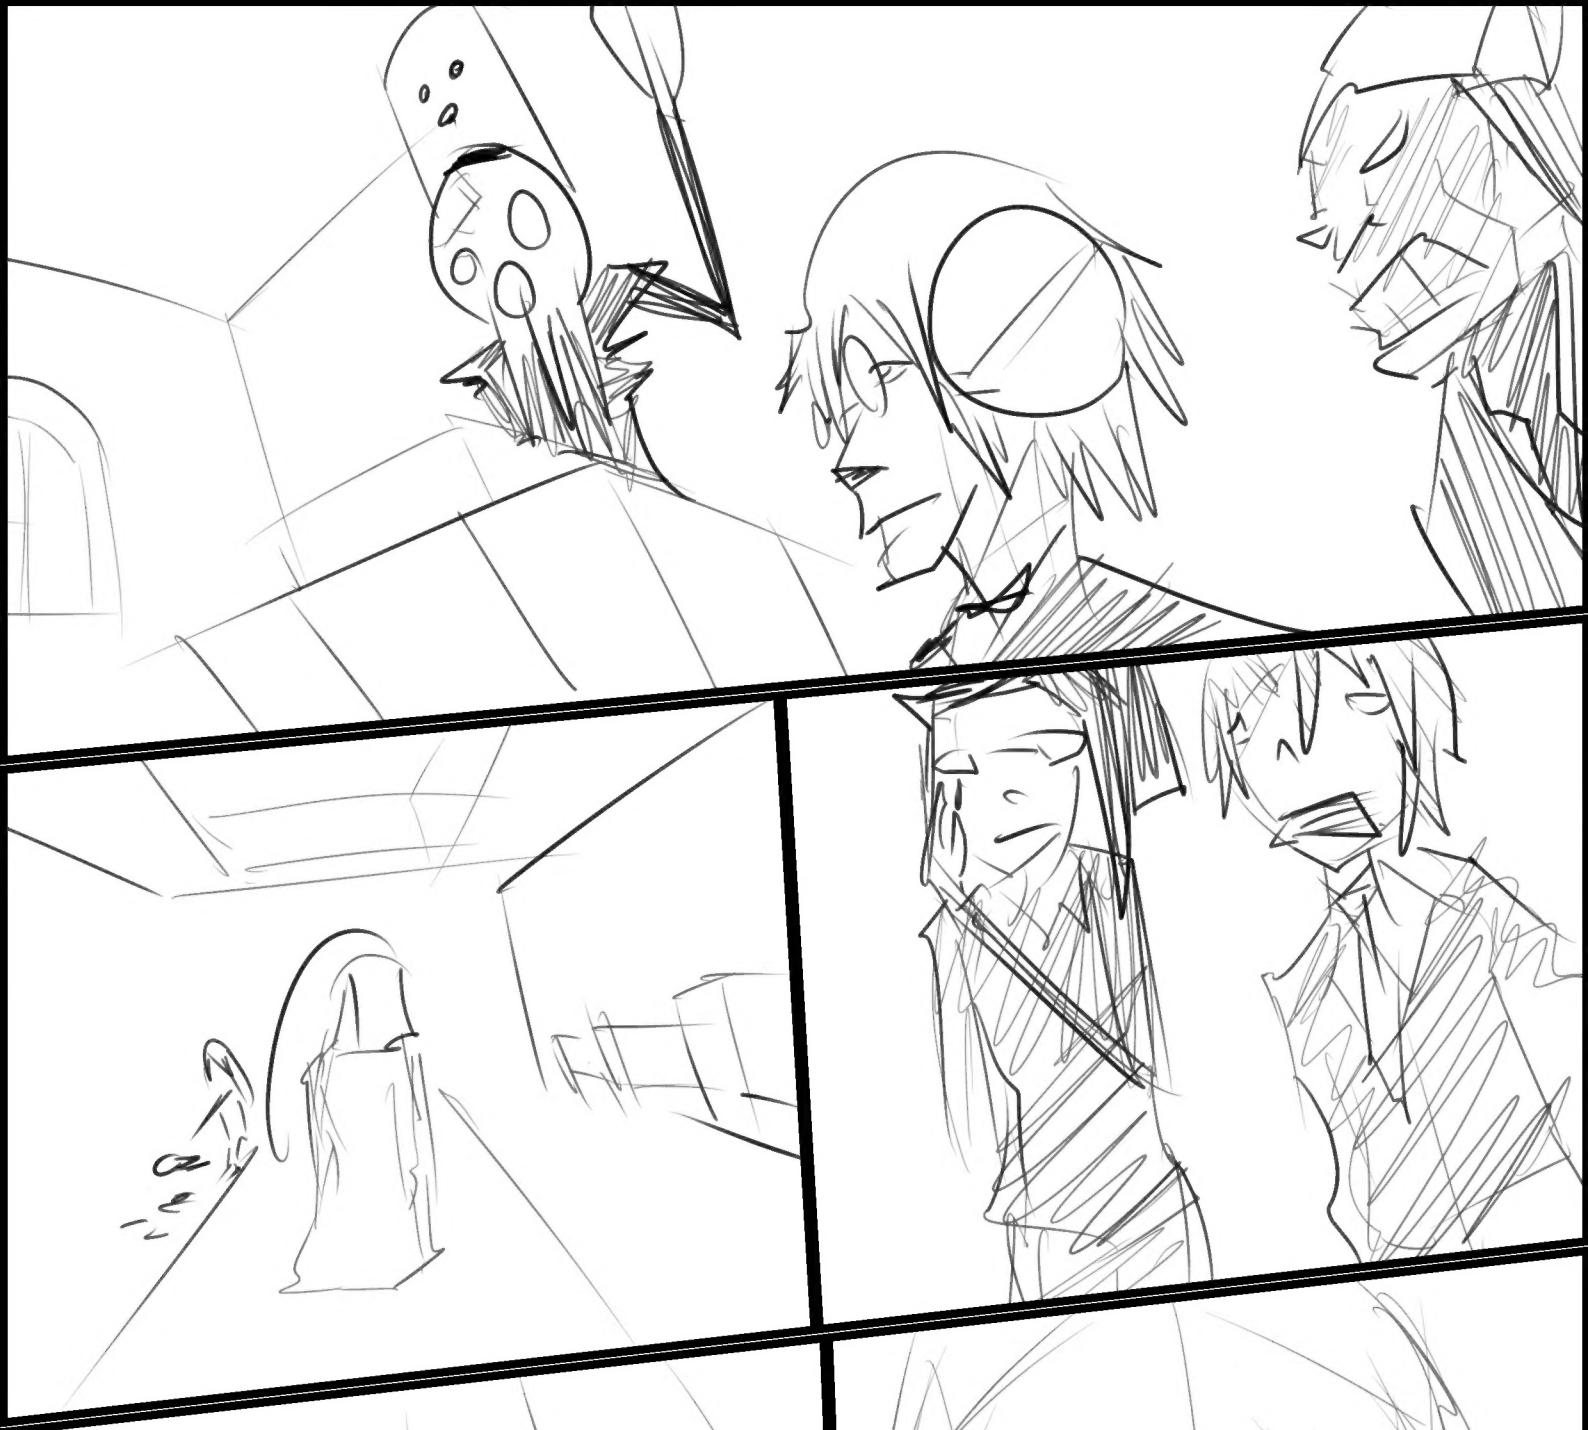

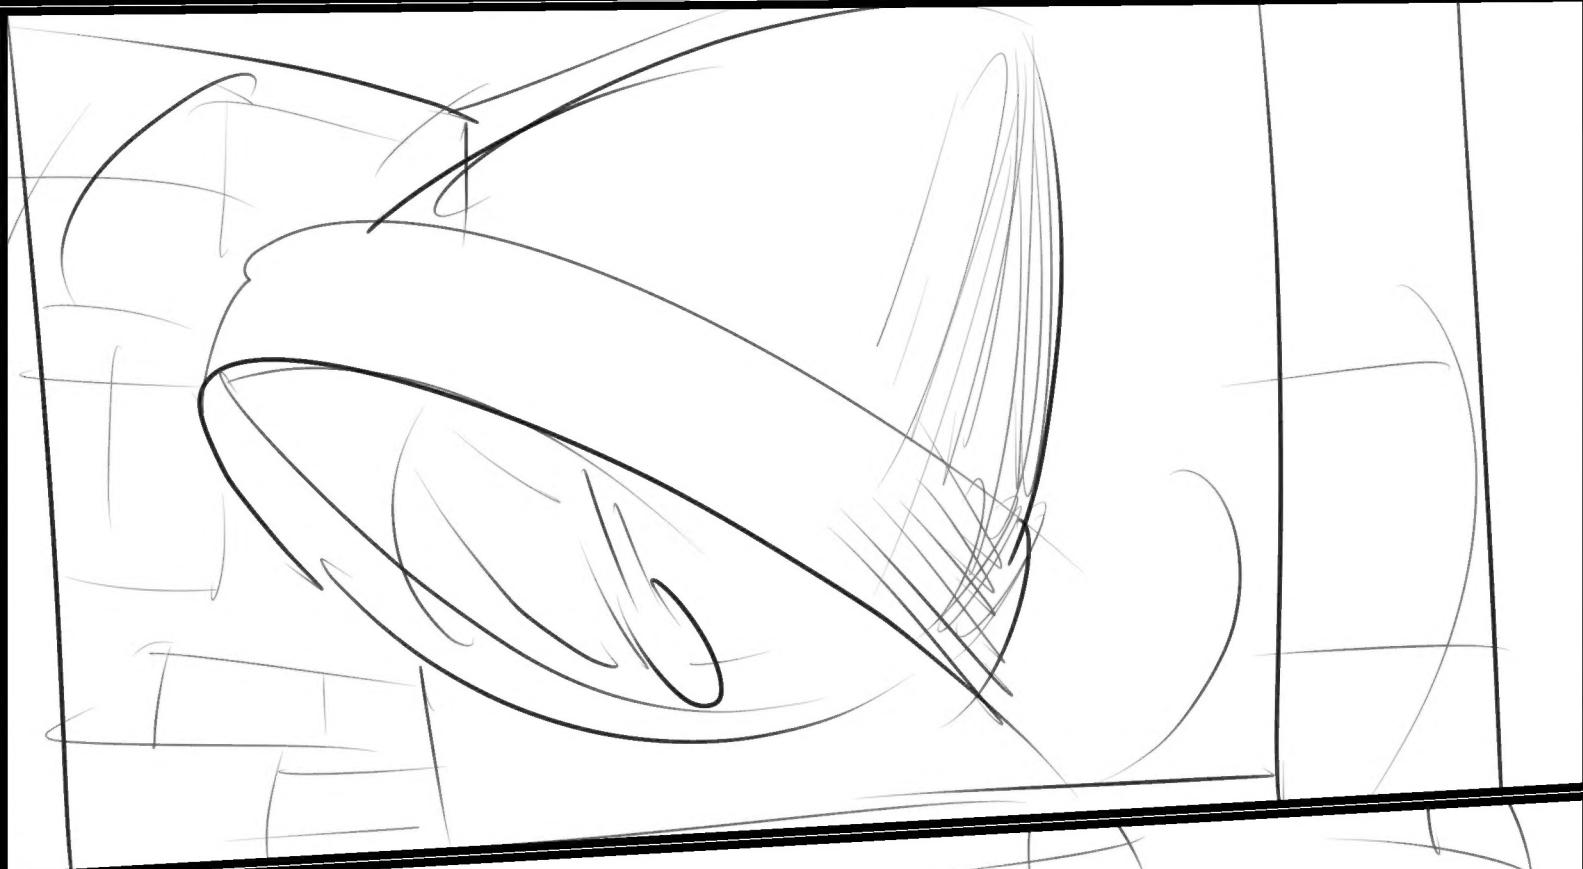

Soul...

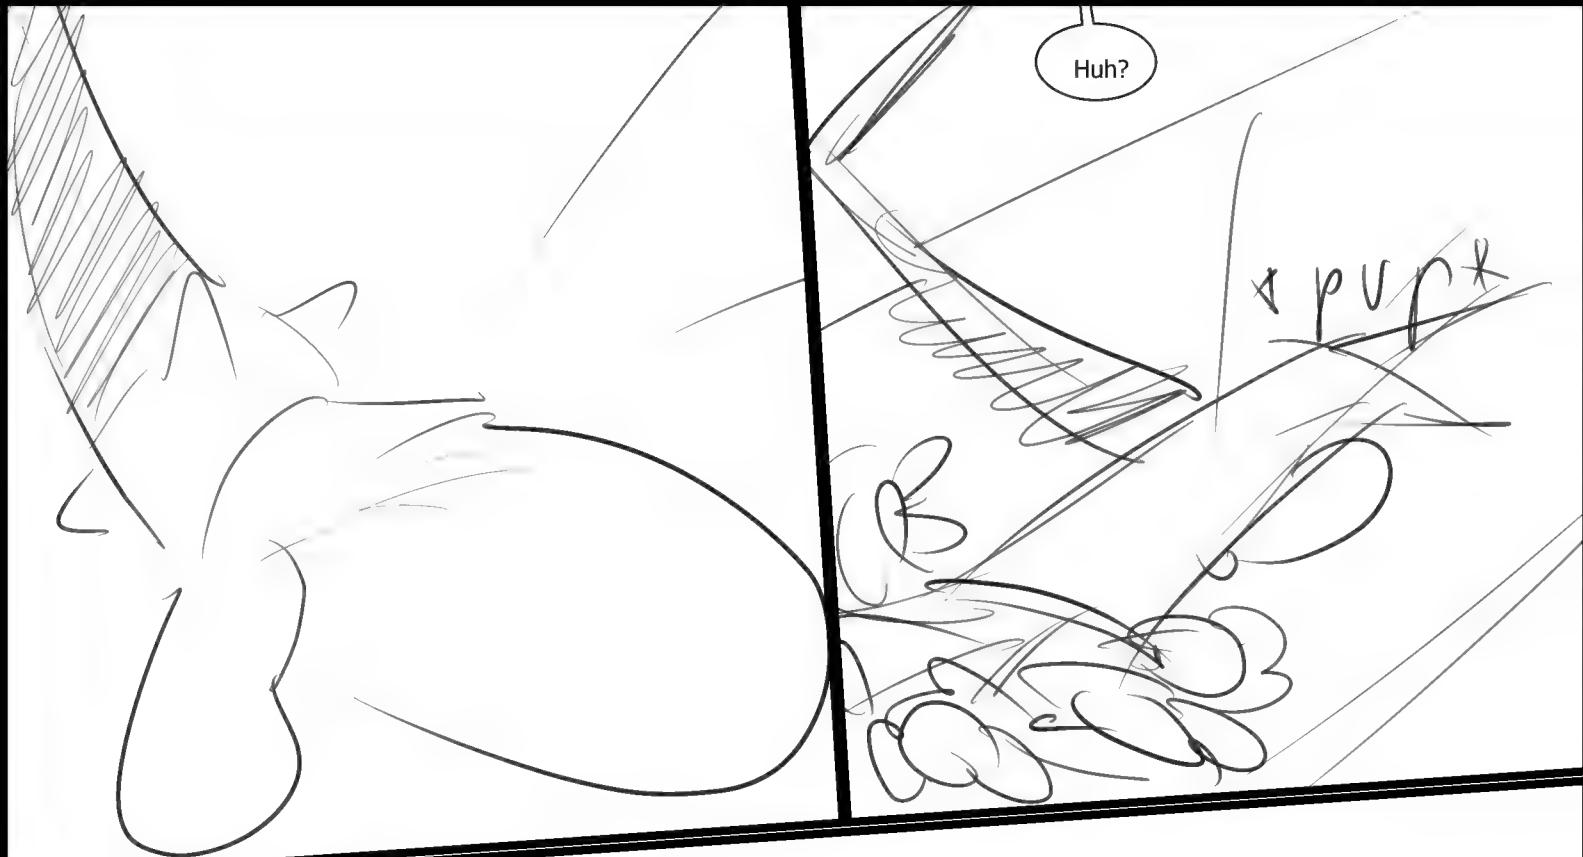

hope you are allright...

Ah, I get it,  
a lightning  
bolt!

I hope it  
doesn't  
shock me,  
because  
I actually  
need the  
nutrients  
from the  
iron....

This was to  
be expected,  
so much that...

...one could  
plan ahead  
for it!

What  
do you-

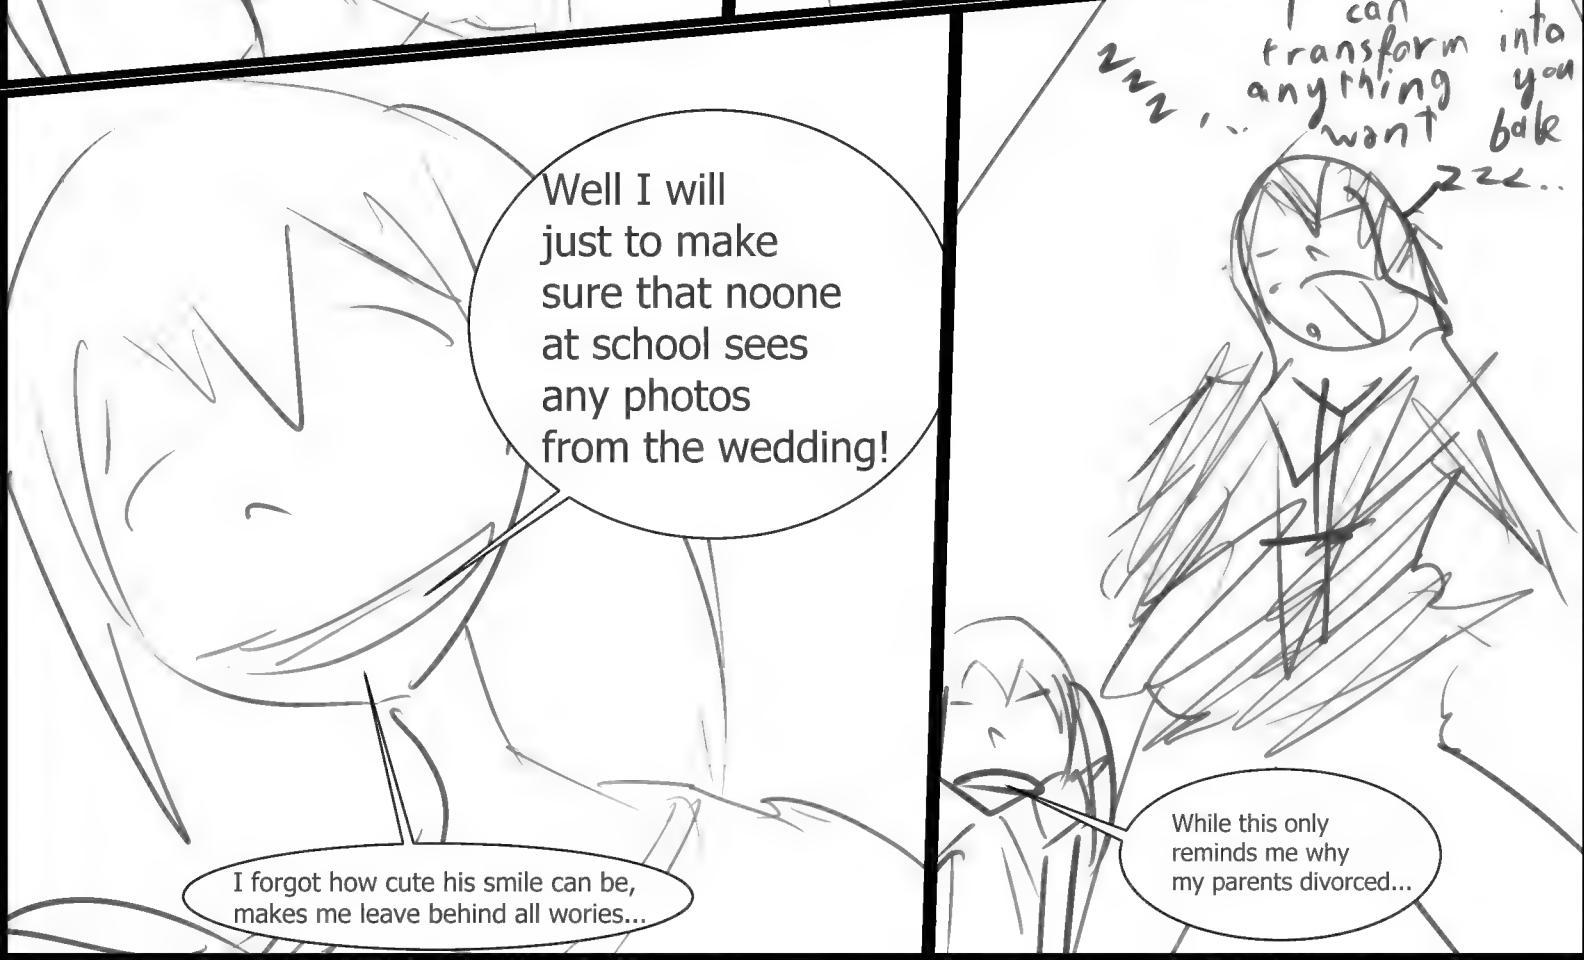

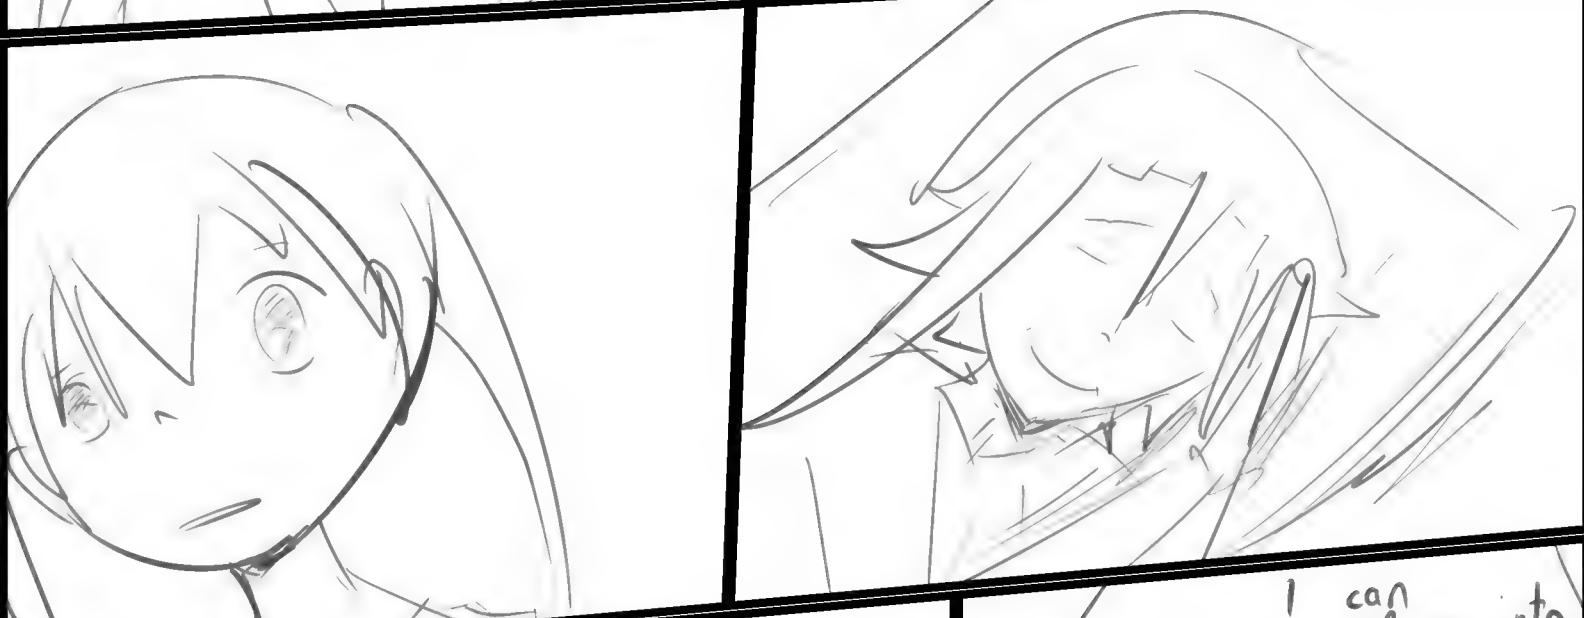

A decoy cake  
with some sleeping  
powder? If it's not  
in a nightclub drink  
it probably isn't a  
crime

Papa, why  
are you still  
eating the  
cake if you  
know?

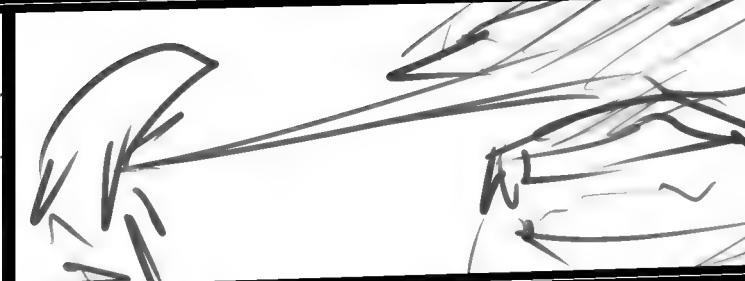

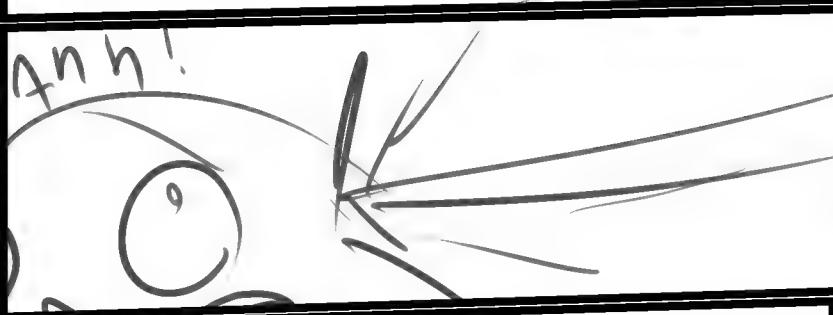

Well I didn't know  
at first and I was  
a bit hungry but  
now I'm not so  
sure myself...

W-wait, didn't we just learn in class that  
substances like that get transported through  
the blood till they reach all parts of the organism?

somewhere else...

hrr... -

You looked sharper  
dressed in the photos!  
Or is this some new  
chic that is in vogue right  
now?

hhhhrrr....

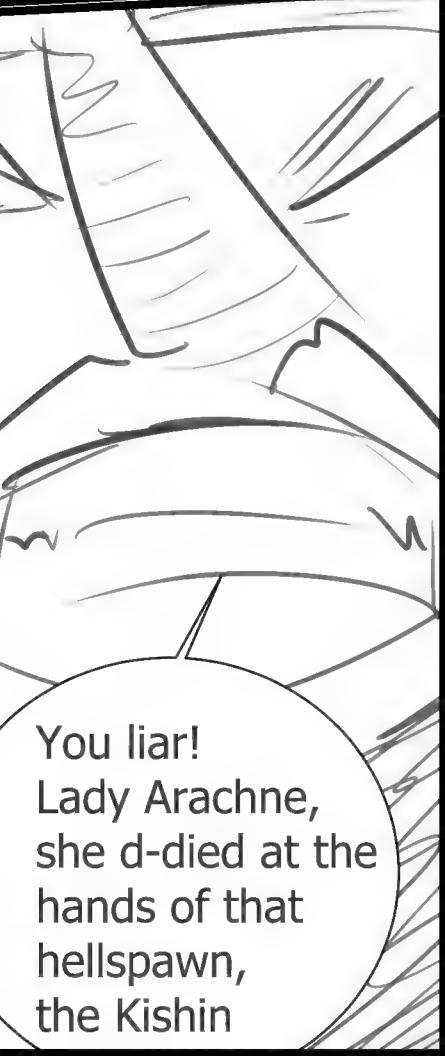

\*woosh\*

whoa,  
whoa!

whoa, slow down,  
I'm a oldfashioned  
lady, not before the  
second date!

After the tragic death of Arachne times must have been tough for you!

You liar! Lady Arachne, she d-died at the hands of that hellspawn, the Kishin

What?! No the reaper  
must have played a  
trick on your mind!  
Lady Arachne chose  
to find the Kishin  
Asura herself...

what are you talking about!?

...so are you  
implying that  
Arachne died  
from her own  
mistakes? A  
loyal servant  
as you speaking  
such blasphemy?!

Aaaaah!!!

See I knew it!  
You are devoted  
to her till the bitter  
end! So instead  
of living in this  
dump and sucking  
the blood out  
of these streetrats...

- \*pop\*

Why don't you help me in destroying the DWMA?

You will be able to get your revenge...

...and restore Lady Arachnes honor

I will spill the last drop of blood out of everyone that carries responsibility

very wellll...

Oh by the way, do you know where your chainsaw friend is?

If you mention him again, I will suck out your blood until you are 60 pounds lighter

hm... I may need a liposuction to get back into my old bikini, but not like that...

\*CLAP\*

\*CLAP\*

I'm  
so  
proud  
of  
you!

But I didn't  
do anything  
special yet...

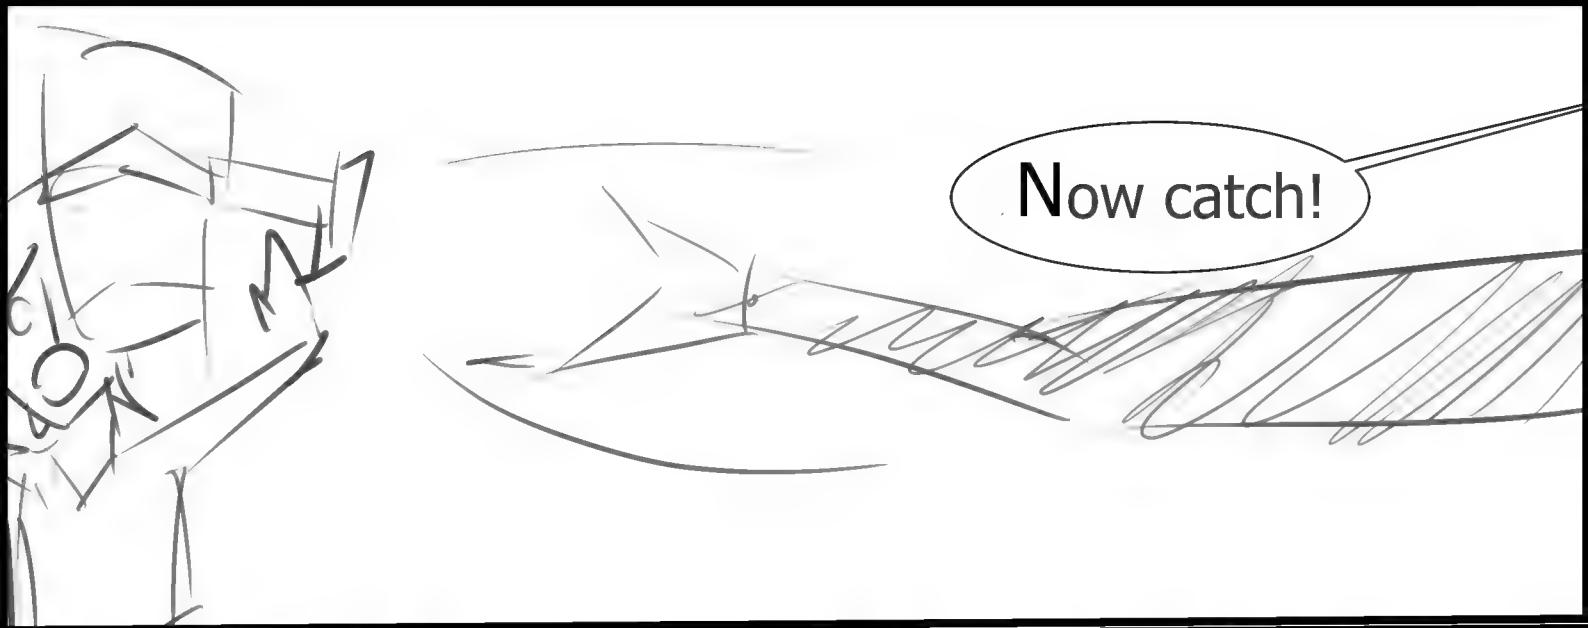

you just  
might in  
a minute...

Marie

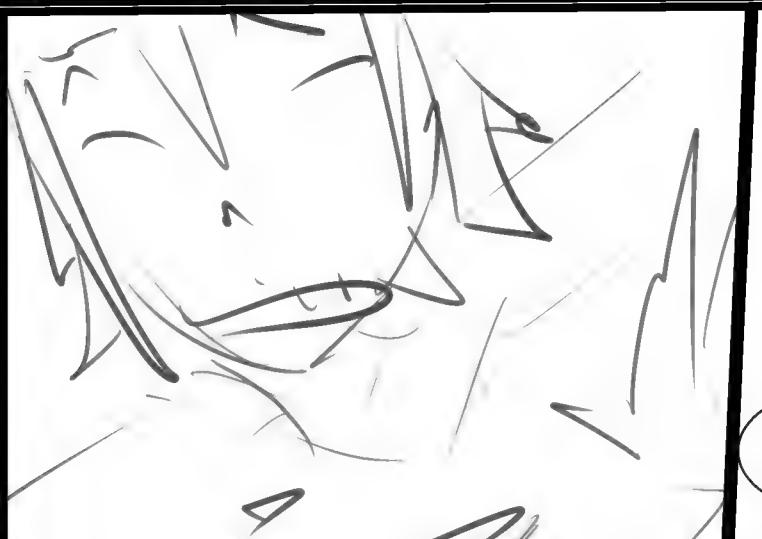

Right

"Death Scythes", these weapons  
are through the process of their development  
more experienced and usually easier to wield  
and resonate with...

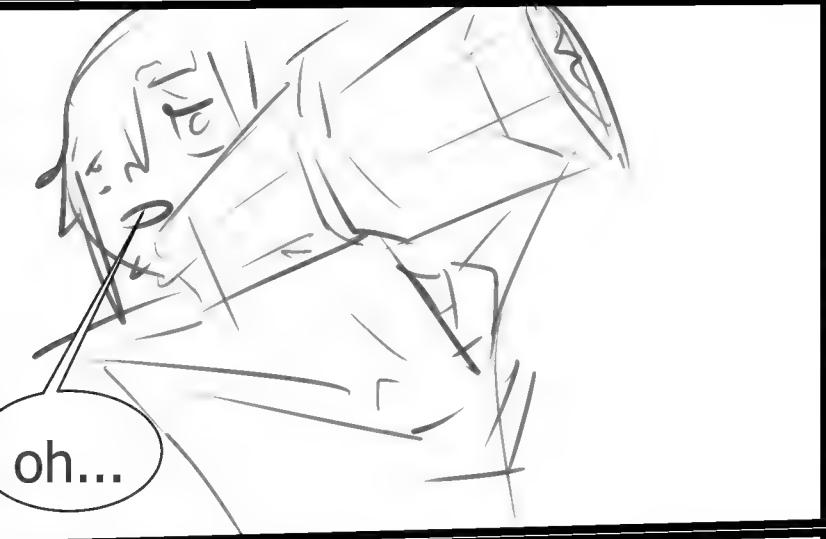

So perfect for this exercise!

Now catch!

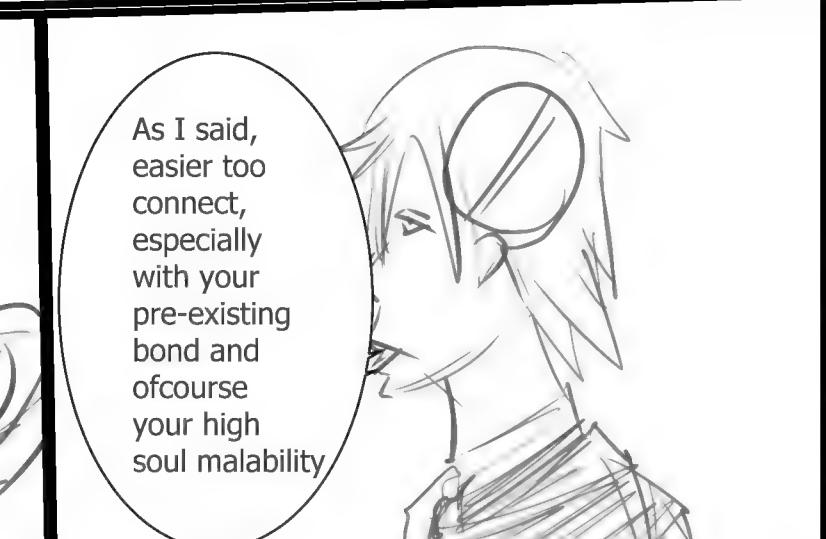

oh...

Not as heavy as I thought it would be...

That's a relief, I feared I would balloon up after all the wedding reception food!

As I said, easier too connect, especially with your pre-existing bond and ofcourse your high soul malability

Thanks M-Mum, that still sounds awkward...

I knew you could do it sweetie!

Hmm... maybe it's time for something more interesting ...

Having a flexible soul...

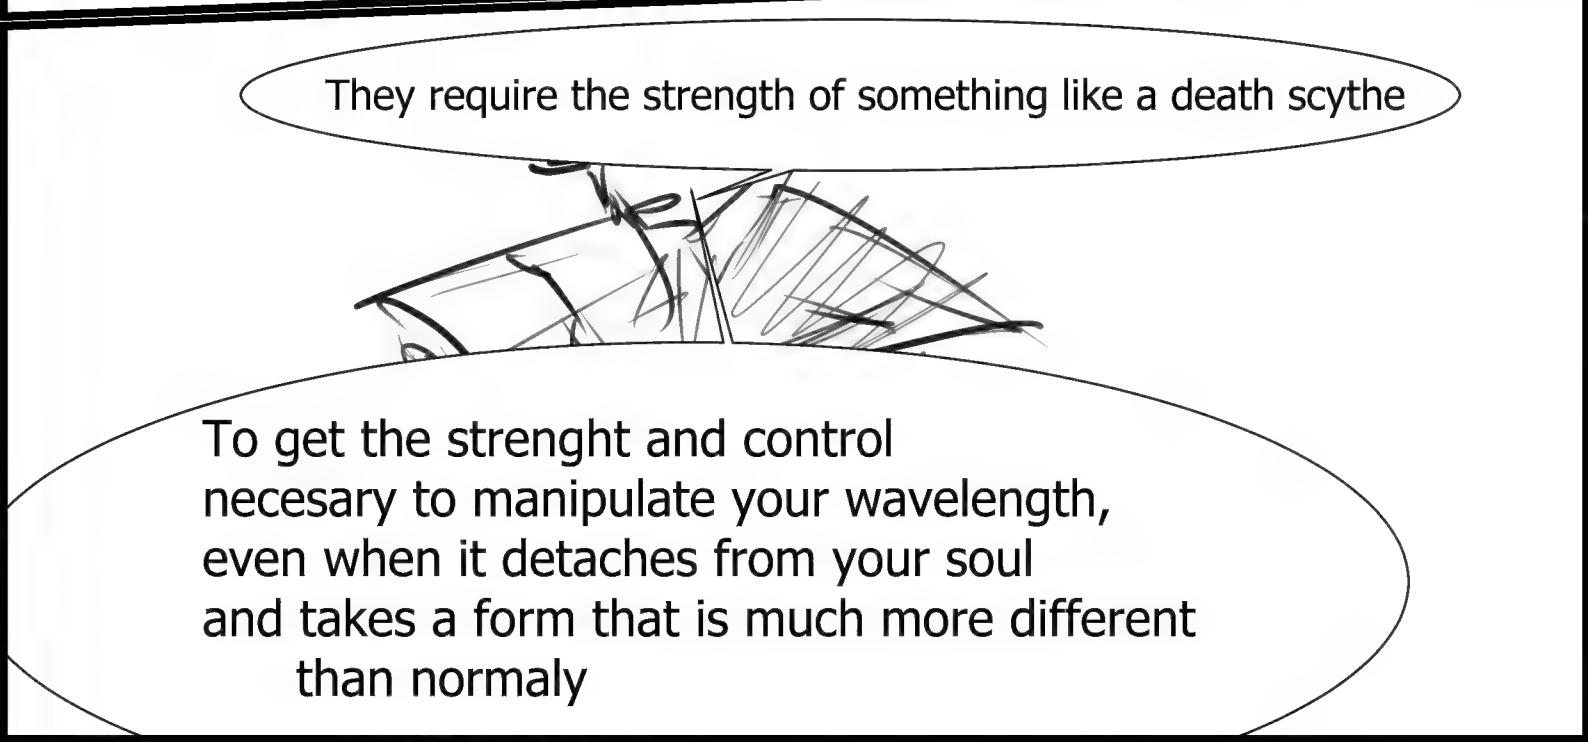

...has some other benefits than just syncing up more easily with other weapons...

...ofcourse they don't come without difficulties of their own...

They require the strength of something like a death scythe

To get the strength and control necessary to manipulate your wavelength, even when it detaches from your soul and takes a form that is much more different than normally

For this technique, one needs to shoot out their soul wavelength as an attack first-

But I'm second worst at doing that in my class, my soul menace couldn't even lift up that one led christmas light...

Hmm, that may be a problem for later, but at the moment it is only important to do it at a very weak level

For example, I will hit you with the smallest possible version of strength I can, but I assure you that will be enough.

Ok, hopefully it doesn't end with Ragnarok shooting out in spike form through all my body like the first time...

XZAPX

Try moving your arm now

Eh?...  
Ok...

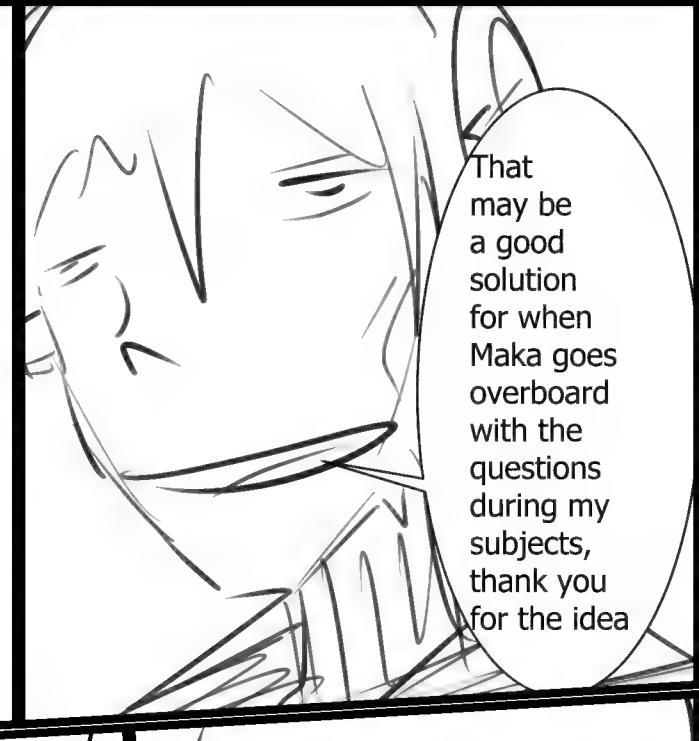

?

Release

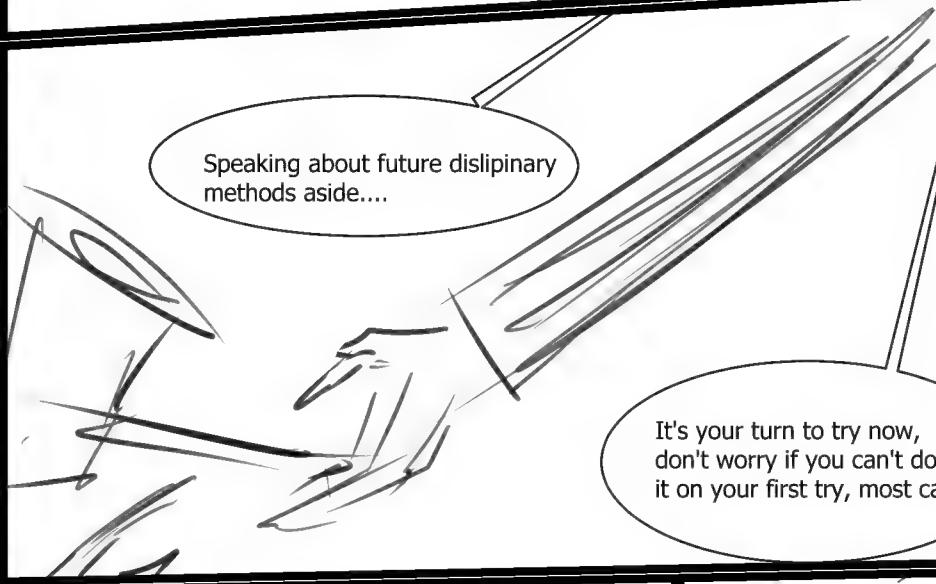

Very practical for catching someone off guard in combat and dealing a decisive strike at the perfect opportunity

For a moment,  
I thought that  
I forgot how to  
move my hand,  
then I wouldn't  
be able to ask  
the teachers to  
go to the bathroom  
during class...

That  
may be  
a good  
solution  
for when  
Maka goes  
overboard  
with the  
questions  
during my  
subjects,  
thank you  
for the idea

Speaking about future disciplinary  
methods aside....

It's your turn to try now,  
don't worry if you can't do  
it on your first try, most can't

Ok, I will do my best!

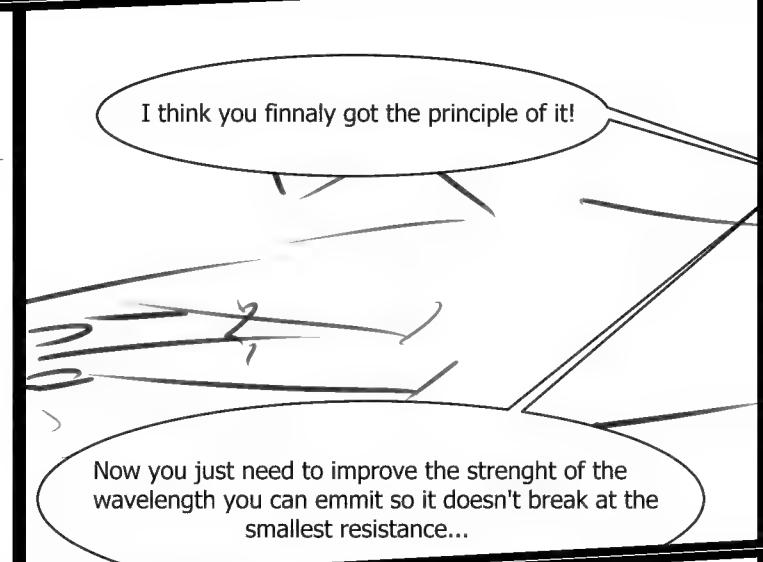

some hours of  
failure and success  
later...

hmm...

I think you finally got the principle of it!

Now you just need to improve the strength of the wavelength you can emit so it doesn't break at the smallest resistance...

See Crona,  
it may have  
taken the better  
part of the day  
but you did it!

B-but it was  
more fragile  
than my  
self confidence...

Most can't do this  
technique at all  
so don't be too hard  
on yourself

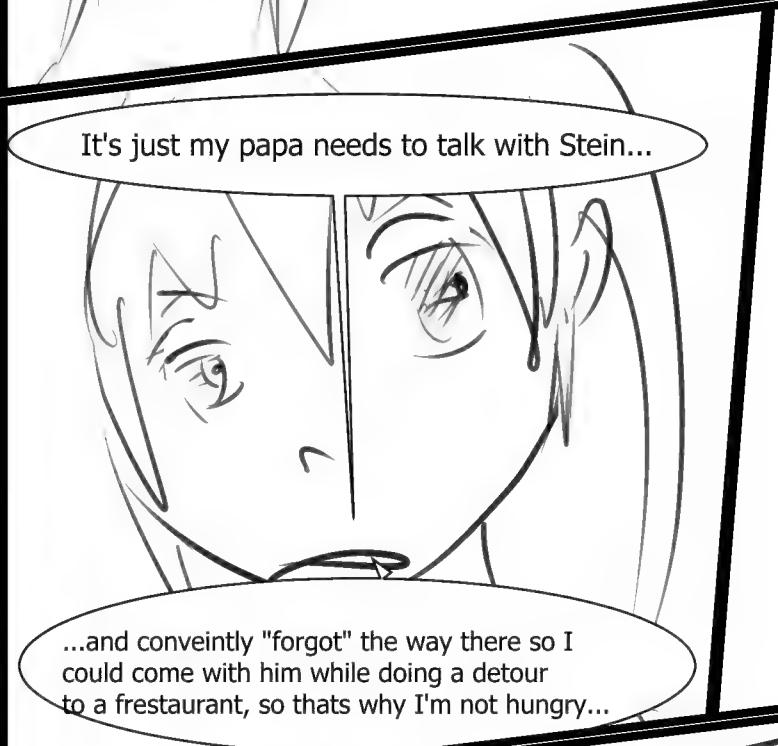

Lets call it  
a day and  
get something  
to eat!

\*swosh\*

Hours of  
this pathetic  
display, but  
at the end...

It was  
all worth  
it!

Ah how  
wonderful,  
our first  
family  
picknick!

Time to go  
then

More  
food  
for  
me!

See you at  
dinner if Lord  
Death doesn't  
hold you up  
for all night...

Maka, always the  
diligent student!

I just hope  
it isn't one  
of those  
critically acclaimed  
novels that are  
just gross, because  
I just ate....

DWMA TRAINING GROUNDS FOREST

Heheheh!

I can't wait to show them  
who is stupid now!

Patty tactical  
transformation!

Yeah!

My balance  
needs some  
work...

Patty fully  
automatic  
mode!

Firepower  
and time to  
perform it  
all could be  
better...

\*SWOOSH\*

\*pew...\*

Hmm....

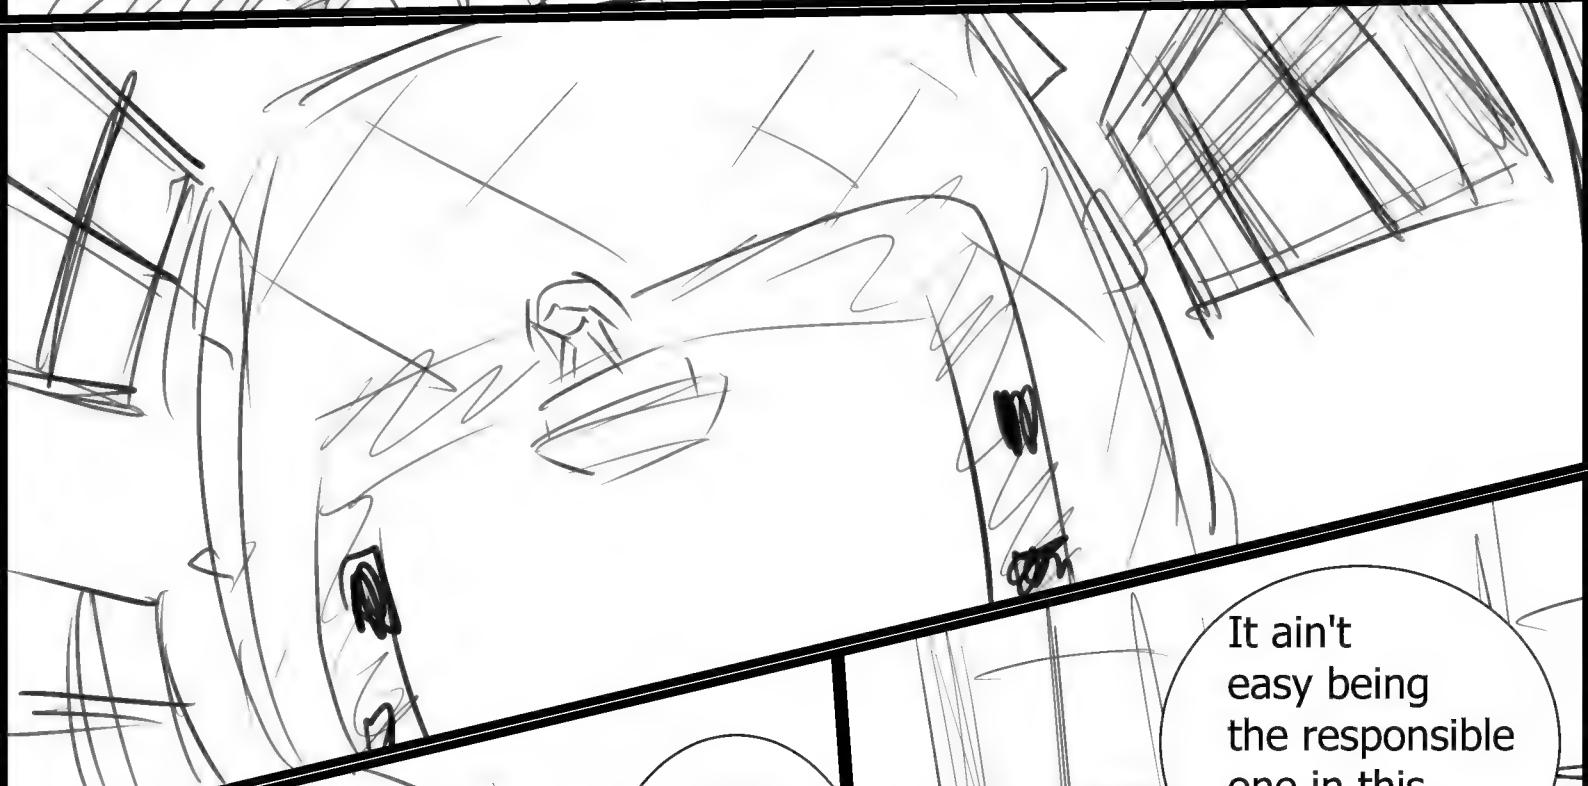

I just have  
to try again!

It will work  
out in the  
end like it  
always does  
haha!

Right?...

First Kid,  
now Patty...  
Both acting  
all weird...  
I mean more  
weird than  
usual...

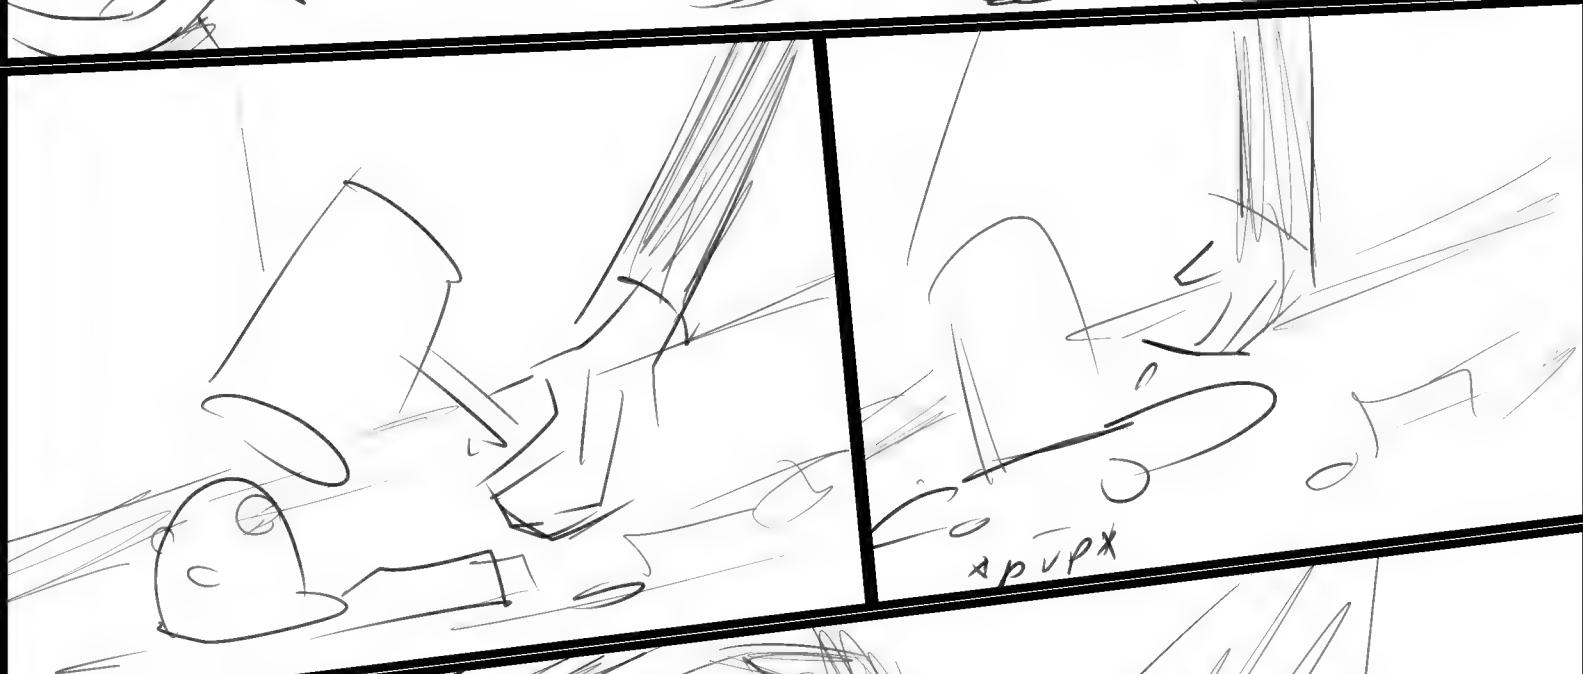

It ain't  
easy being  
the responsible  
one in this  
household...

Kishinegg attack  
in Nigeria, donate  
for self defense  
and get one  
million as a  
reward  
[\[link\]](#)

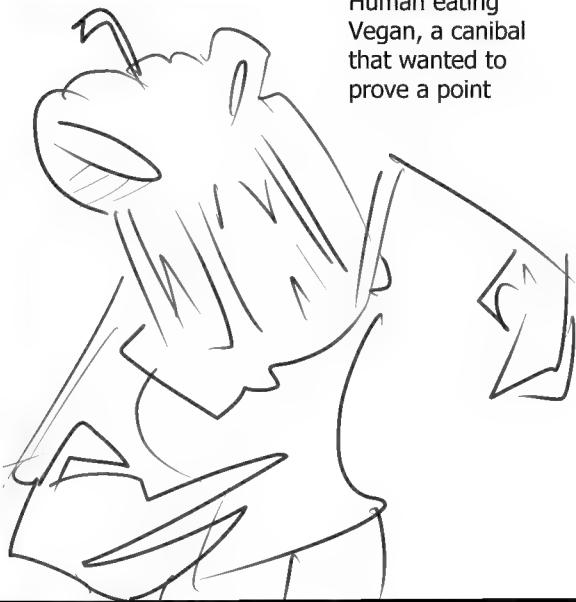

That's just free  
money! Time to  
get even more  
rich!

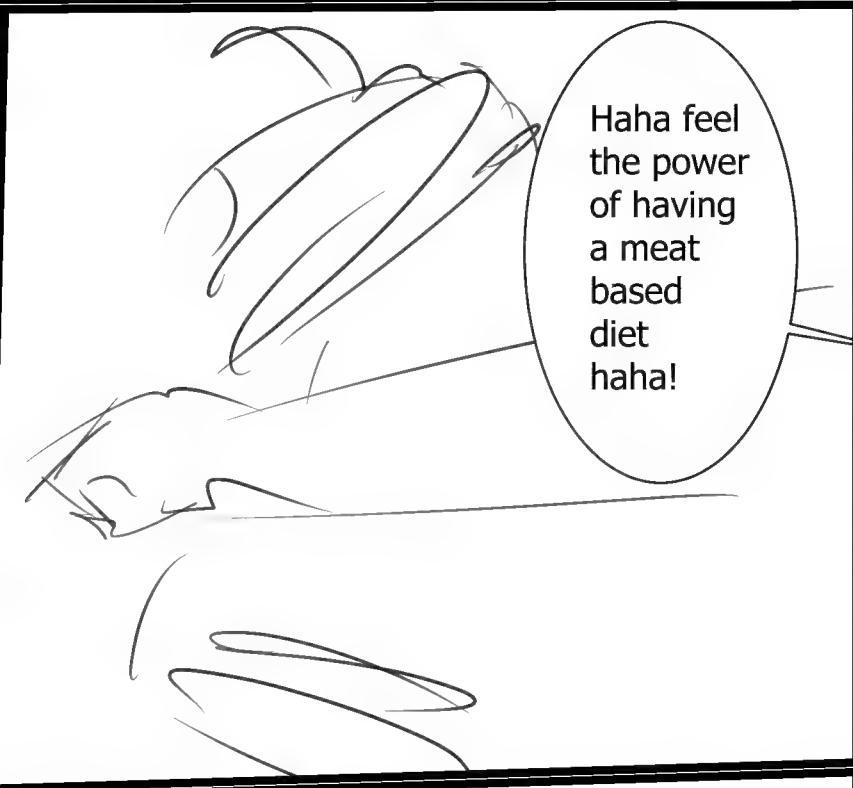

Haha, I'm  
just a little  
kid, enjoying  
my long  
normal  
childhood

Human eating  
Vegan, a canibal  
that wanted to  
prove a point

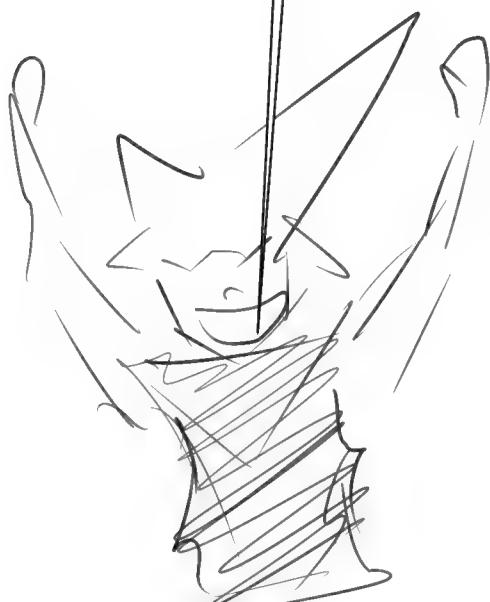

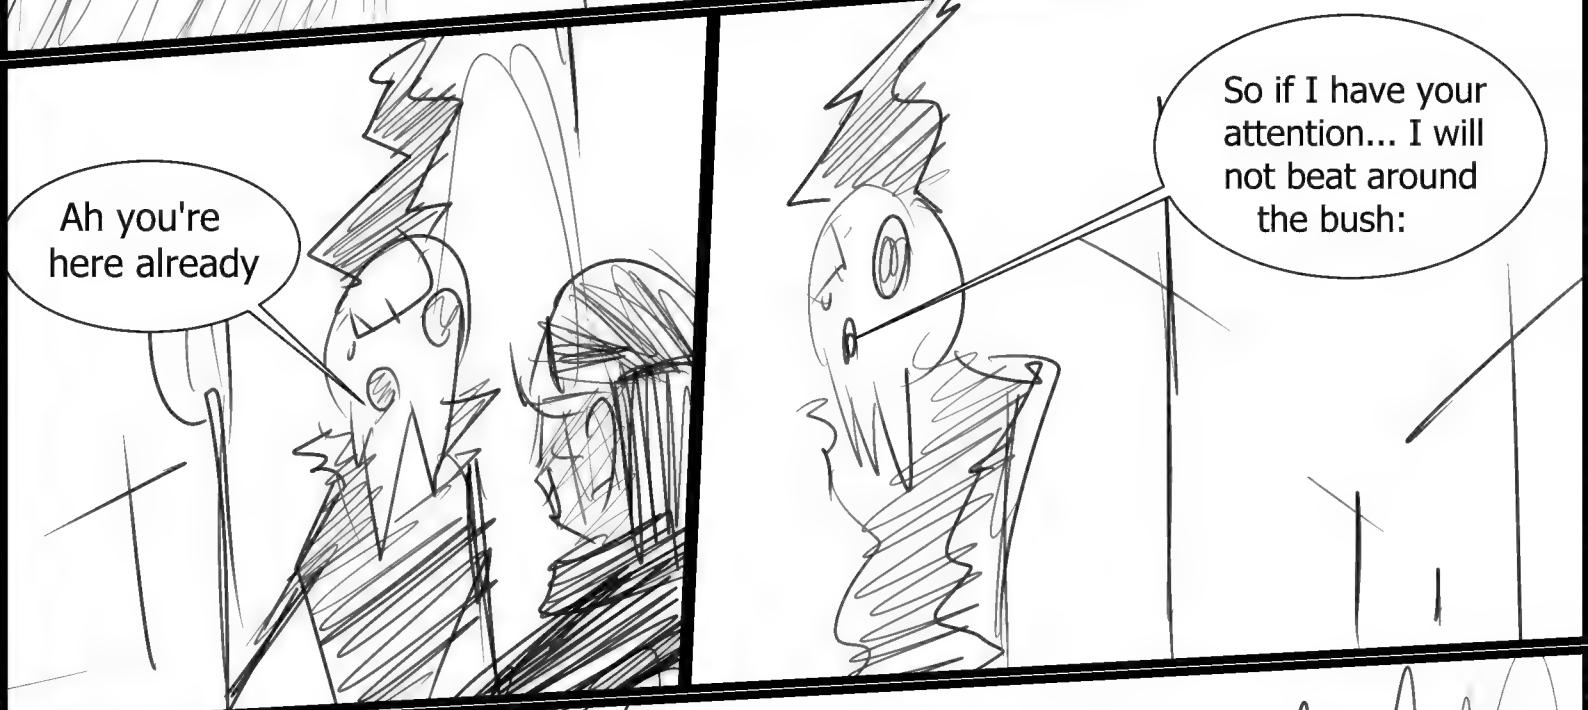

Hey wait  
Black\*Star,  
what are  
you doing?!

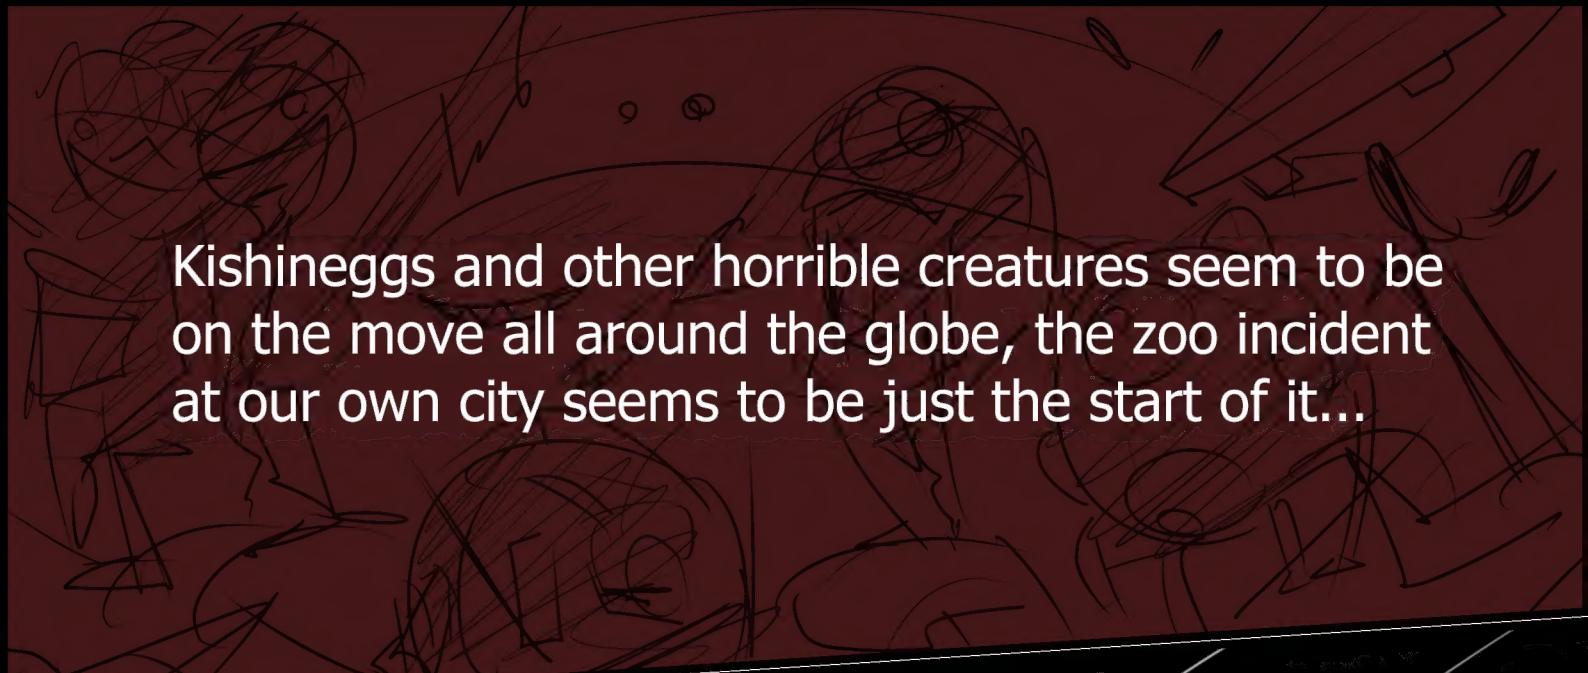

Haha feel  
the power  
of having  
a meat  
based  
diet  
haha!

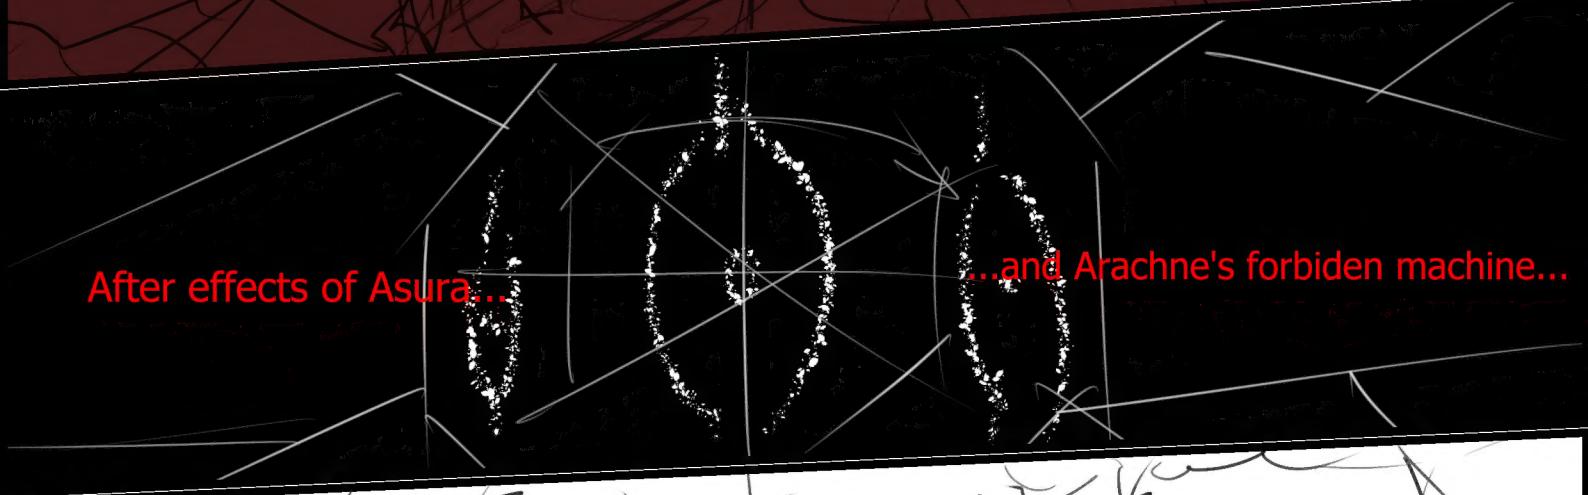

Yes another step on my own path!

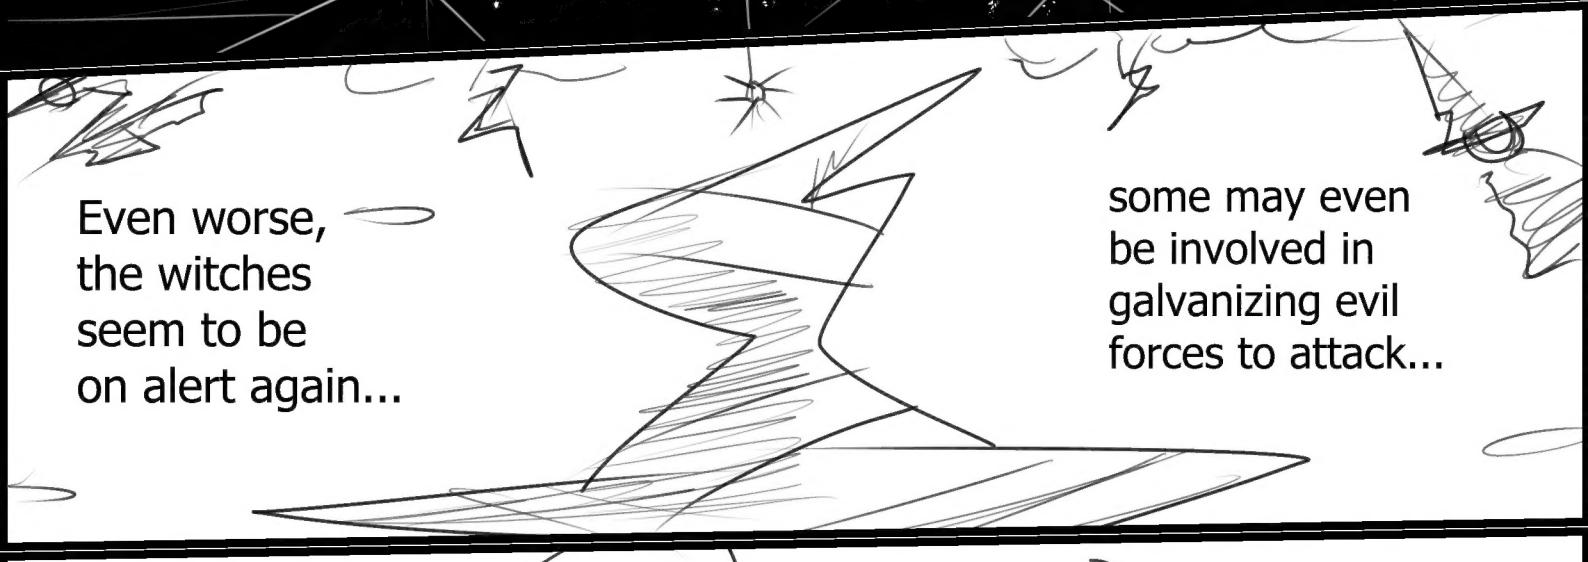

Kishineggs and other horrible creatures seem to be on the move all around the globe, the zoo incident at our own city seems to be just the start of it...

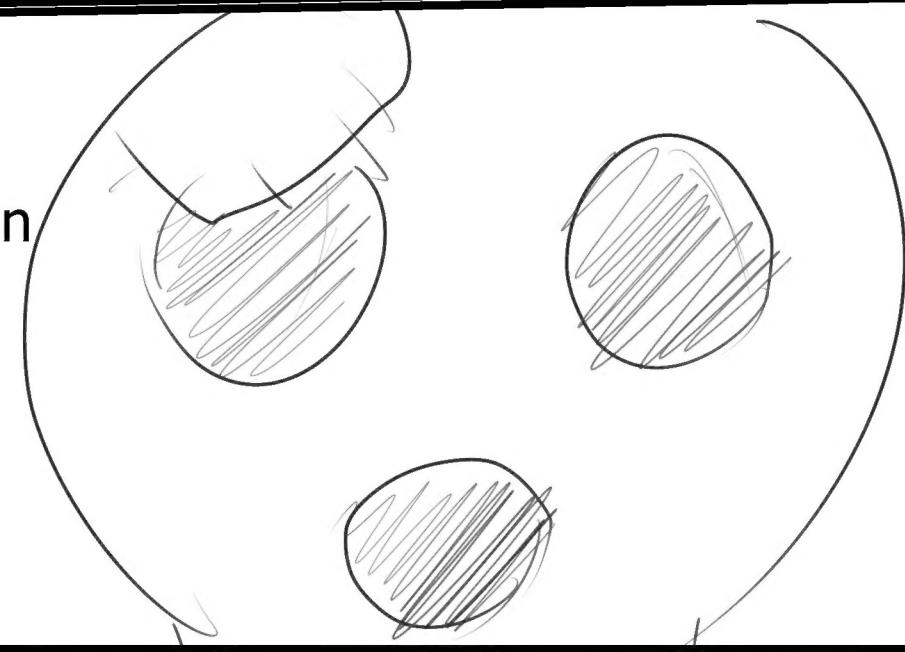

After effects of Asura...

...and Arachne's forbidden machine...

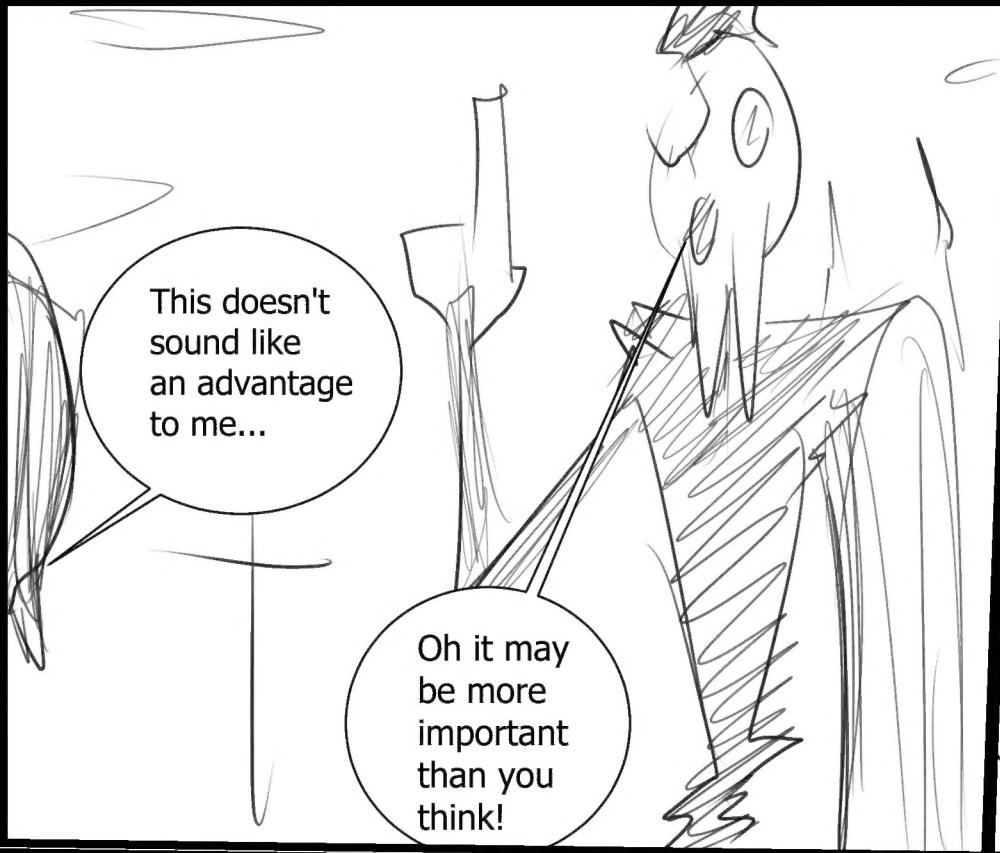

Even worse,  
the witches  
seem to be  
on alert again...

some may even  
be involved in  
galvanizing evil  
forces to attack...

The situation  
could get  
bad really  
quick...

the only  
joker we  
have at  
the moment,  
is that they  
don't know  
tha we know!

This doesn't sound like an advantage to me...

Oh it may be more important than you think!

I have to agree with Spirit...

Wouldn't us showing that we are prepared work as a deterrent?

Oh, I'm not disputing that

That's why I'm sending you on more missions than usual starting know, that will show that we are not playing around!

So much for settling down and enjoy the married life..

But if I leave, you won't have a dead scythe that is actually a scythe to use again!

Nah Spirit, that's the point - mindgames, the madman strategy, making your enemy don't know what you gonna do next!

Anyways that is all, we don't have any time to waste so Sid give them their mission briefings!

Yes sir

Ugh!

This is ridiculous, what is he thinking

I share your frustrations

He was always weird... but this, I don't know... Maybe he really is losing the plot...

Let's just focus on preparing the next generation, they were afterall who defeated the kishin

By not knowing who can strike us, a novel defense is the best thing we can do at the moment, if we don't know what to expect it is advantageous if the enemy too is in the dark of all our capabilites that are still developing as we speak, because us old cats can't really learn many new tricks

Let's just hope that-

at least you didn't call me a dog again...

No  
inner  
turmoil  
makes  
them  
tumble  
at  
the  
outer  
enemy
